

No matter how many items you put in your basket (Fig.1), when you click on Proceed to Checkout (Fig.2) only 1 item is in the basket. This is happening with all products put in the basket.

Fig.1

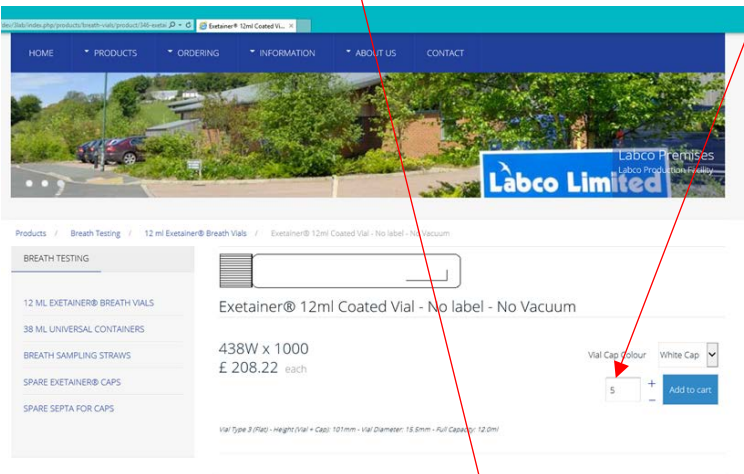

Fig.2

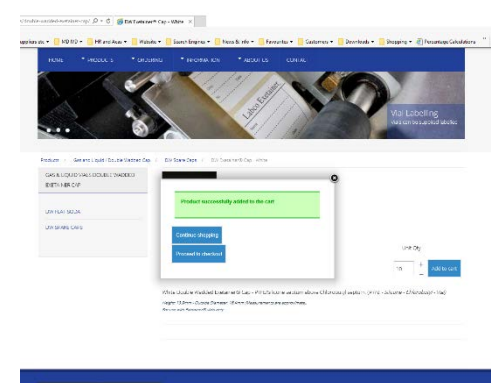

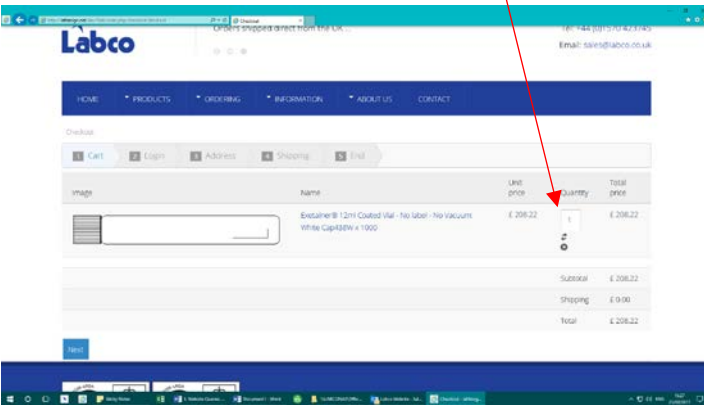

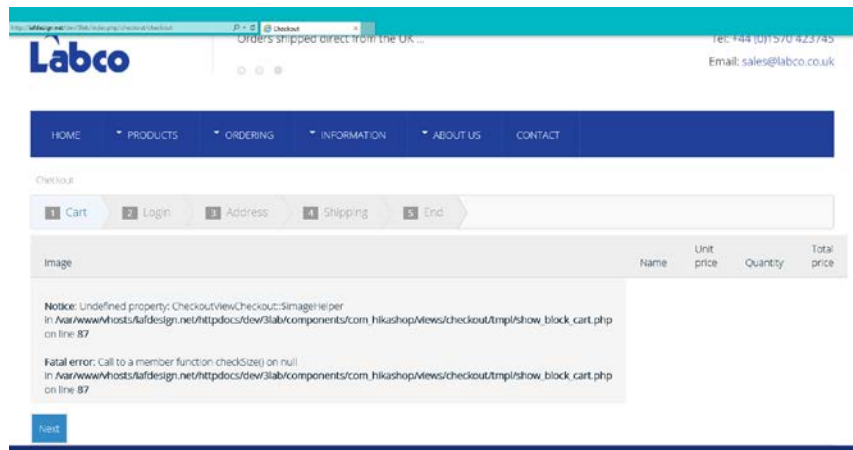

Fig.3

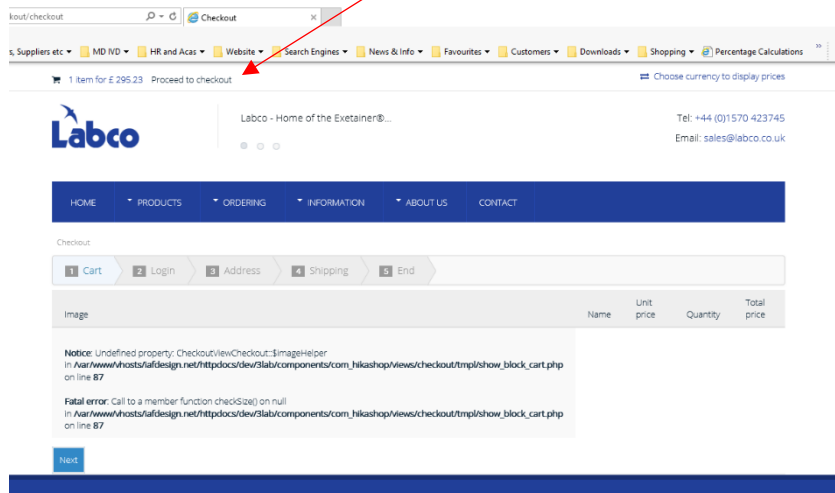

If you then try to change the quantity in the quantity box to the required amount and then hit refresh you get the following error message (Fig.4)

Fig.4

If you then click on Proceed to Checkout from here

You go straight back to your basket but with the correct amount showing.
