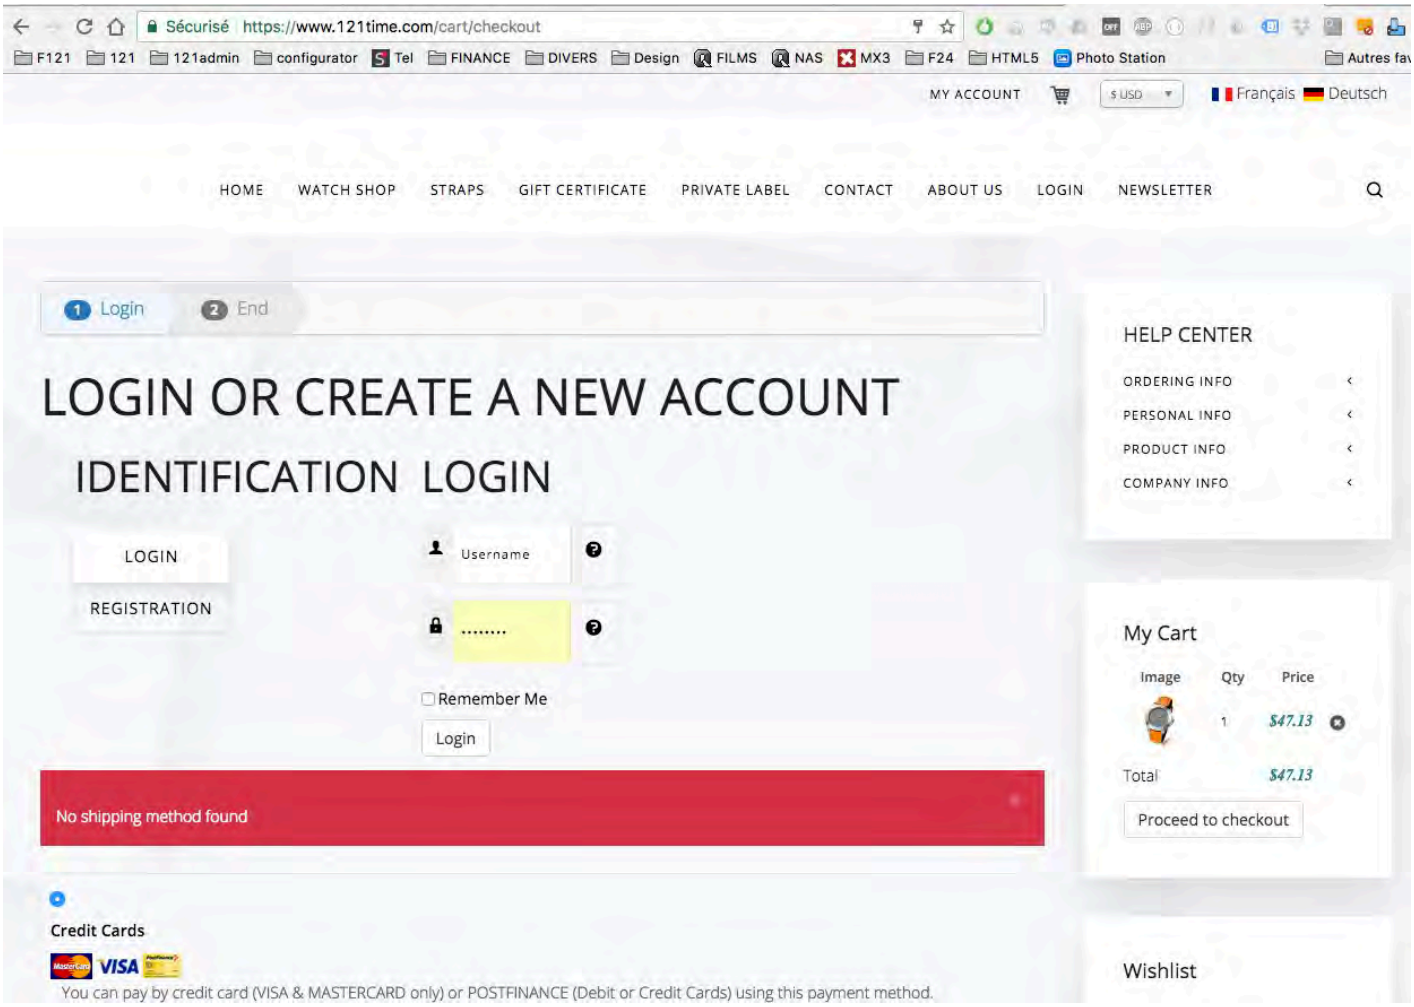
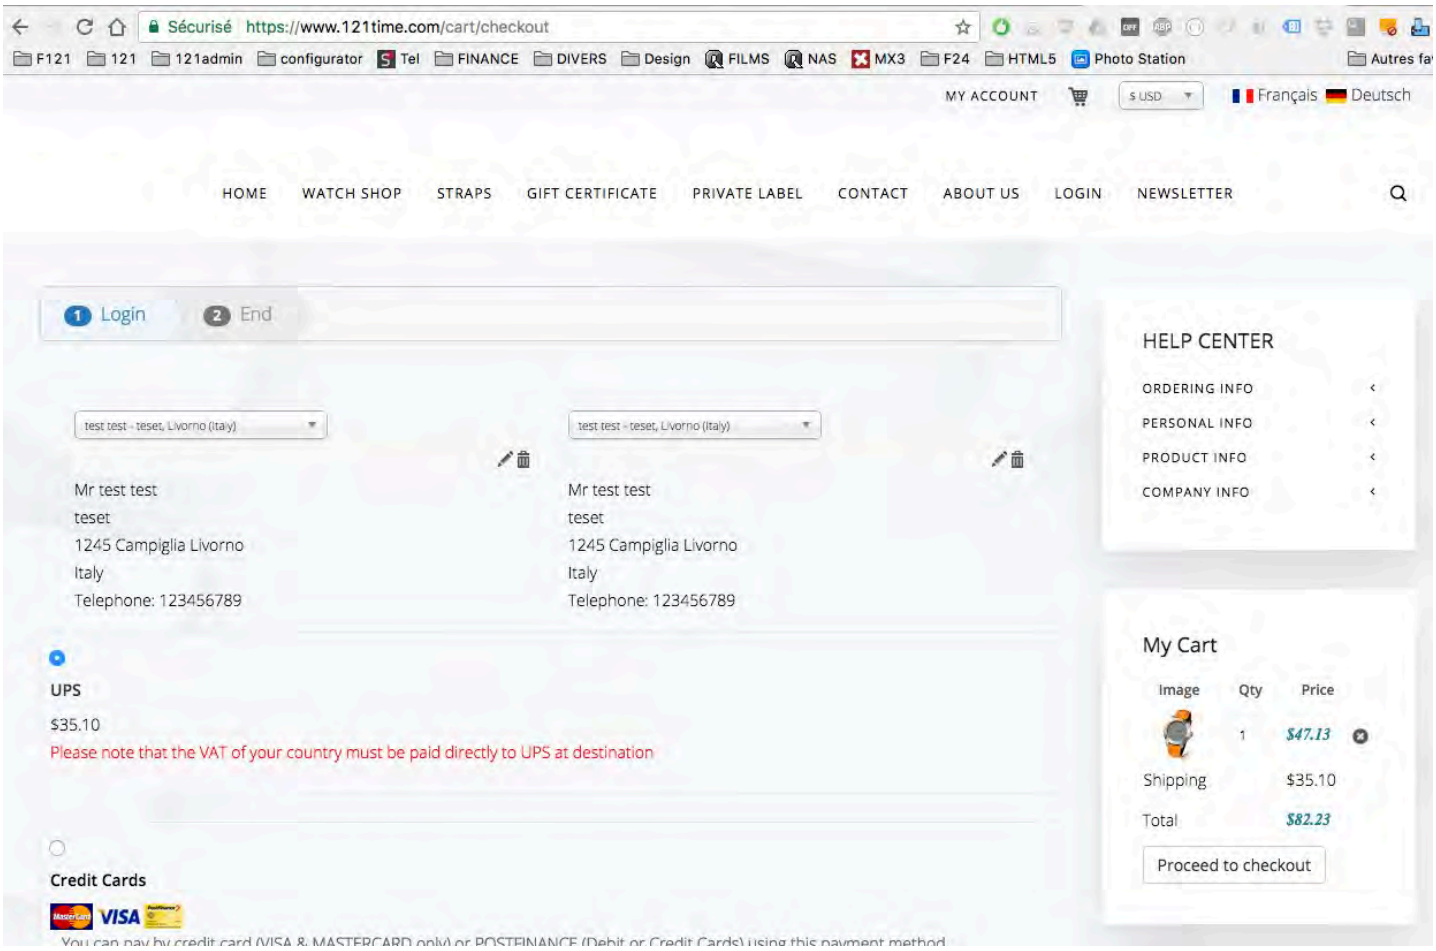
when GEST USER and USD selected

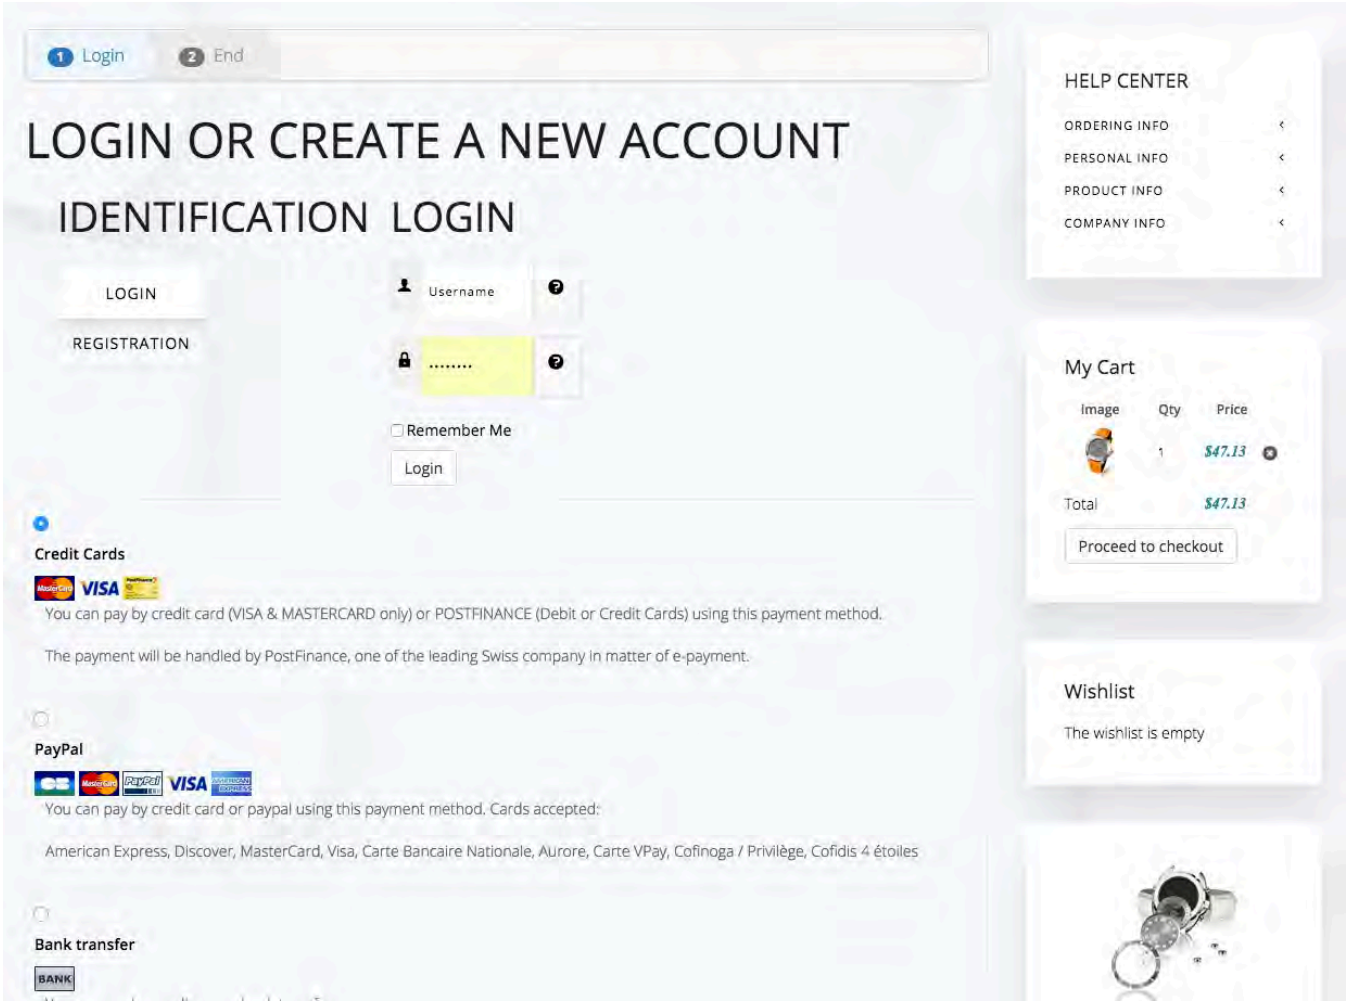


WHEN REGISTERED USER WITH SHIPPING ABROAD

(UPS showing which is correct but free shipping should/must be listed also)



on testing environment, since I trashed the UPS shipping method (unpublished on the live), I don't have anymore warning that no shipping method has been found. THe fact to trash UPS shipping (not manual) the warning doesn't display anymore



and if I access the checkout in USD but with a user registered with an address in Switzerland and not abroad, same, no shipping method and no warning
